A couple of years ago I looked into rental equipment from the outdoor shop, having a wife and seven children to support on a regular basis, the prices to rent ATV's and a camp trailer was just to much for my budget. I do think MWR has some outstanding programs but because of my financial obligations I'm not able to enjoy them.

Although I am somewhat aware of the services that are available, to a great extent I am unaware of these services, and more particularly, how to get involved in participating in them. I would like to see an information booklet printed and distributed, especially to newer employees, informing us of what specifically is offered at the installation, when it is available, and how to get involved in participating in the activity.

MWR focus is on TEAD. Service to DCD is minimal and the feeling is that it is resentful or at best treated as an after thought. Example: incentive to lose weight at Christmas time - T-shirt that was dated the previous year - one size available XXL with TEAD logo on it. That was not incentive for DCD employees.

It seems like because we are not at TEAD that we hear about things after the fact or that we just do not belong there. They play favorites and don't ask DCD employees to participate in certain things. We are the left overs. NOT FUN!!!!

Distance from home does not make it useful

Overall Comment

The programs offered do not warrant driving 60 miles to use
I left many questions blank since I do not plan to use the services and would not want to affect the results by giving my opinion, since I don't use the services..

I would like to see craft fairs, perhaps summer and winter, where personnel are free to bring their home-made crafts to sell. This would be a good social event, even for the new park on Main Street in Tooele.

At TEAD update racketball court and basketball court. Put in a tennis court somewhere. A golf course would be great.

Fitness center should be free to employees like off post businesses

Overall Comment

With an aging workforce and increased obesity, fitness should be at or near the top concern. Free fitness center access for employees should be a no-brainer. Many corporations now provide in house fitness programs for their employees. Several years ago, employees here were allowed a cut rate membership but off post fitness centers claimed it took away from their business so the Commander declared a more competitive pricing and we lost the benefit completely. . .and the off post center ultimately closed down. I believe federal employees should be given one half hour three times a week when matched by employee leave, for fitness. Just possibly a healthy return on the investment may occur.

For a small installation, I think Tooele has outstanding facilities and a professional, friendly MWR workforce. I think what is offered currently is about right for the size of the installation.

A weight training room for DCD Law Enforcement and Security in Bldg. 1800 that would have all the workout machines that Bldg. 5108 has. It could help the Guards get in better shape, if there was something right in our Bldg. 1800 for use.

There is very little that can be done for me. No mater what you do you will have to charge, and boy will you charge to keep above water. The best thind you all could do is just go away.

I don't really use many of the services - and am not really aware of perhaps many of the services available. There are not many soldiers on this installation, so the installation really doesn't cater to their needs. The Fitness Center and the Outdoor Shop have excellent facilities, equipment programs - and I DO use those and feel they are very worthwhile. I particularly like the Ski Utah Gold Pass program. An indoor pool would probably make the swimming pool a lot more user friendly, as it is now open only a few months in the summer.

My situation is unusual. I'm seperated from my husband. He is stationed in Hawaii and I live in Utah. When I lived in Hawaii I jused the MWR serves at least twice a week. Since I've moved, I don't live close to post so my activities are all off post. If I lived closer to post I would use the services.
